

2020 Vision: VHS Crowdsourced Exhibit Application

In the year 2020, a diverse group of Vermont exhibiting institutions will collaborate on a state-wide suite of exhibitions on the theme *2020 Vision: Seeing the World Through Technology*. VHS, as a participating institution, will be mounting a partially crowdsourced exhibit on Vermont innovation and technology in our Local History Gallery. The exhibition will be on view August 2020 through January 2021. Local historical societies and other heritage organizations can complete the application below for potential participation in the exhibit. If you have any questions, please contact Eileen Corcoran, eileen.corcoran@vermonthistory.org or Amanda Kay Gustin, amanda.gustin@vermonthistory.org. More details on the project available at: <https://vermonthistory.org/lhs-tech-2020>. Applications due by February 28, 2020

Organization:

Contact Person & Title:

Email:

Phone Number:

Mailing Address:

Please list the object(s) or archival items you would like to contribute to the exhibit:

What do these objects tell us about technology and/or innovation in Vermont?

Tell us a little more about the items: time period, size, maker/story, etc. If you prefer, you can send the information in a separate document

Images: Please attach images of the objects with your application. Please include your organization info in the file name.

Tell us a little more about how these objects can be displayed, including information such as: if it needs a special mount, does it need to be put in a case or can it be displayed in the open, is it ready to hang on a wall, any lighting/conservation concerns, etc.

Any other information you would like to share about your objects or participation in the exhibit?

As a potential participant in this exhibition, I agree to the following

- My object(s) fit through a standard doorway
- I will transport/ship the object(s) to the Vermont History Museum myself
- I understand that VHS insurance will cover the object(s) once they are on display in the gallery, but does not cover objects in transport.
- I understand the objects will be at the Vermont Historical Society from late July 2020-early February 2021
